

Fall/Winter 2008/2009

Dear Hadassah Supporter,

Practicing great medicine requires more than brilliant scientific minds, it requires the right tool for the job. The simple truth is that yesterday's discoveries and tomorrow's breakthroughs are made possible by the generous support of people like you.

With nearly 100 years of experience, the Hadassah Medical Organization has earned the reputation as world experts in researching and treating the widest range of medical issues. And its strong local presence is evidenced by its educational and public awareness programs, as Westchester Hadassah chapters sponsor community health discussions with local health professionals in association with schools, hospitals and philanthropic organizations.

On **March 21, 2009**, The Westchester Region of Hadassah will host a **Grand Monte Carlo Gala** to be held at the **Ritz-Carlton** in White Plains, New York. Proceeds from the advertising journal and auction will benefit the extraordinary work of Hadassah in medicine and health here, in Israel and throughout the world.

Our fundraising goal for the Gala is \$100,000. Not only is the need for medical breakthroughs and new therapies greater than ever, but so is the cost to find them. Please help us fulfill our mission by participating in our advertising journal which will be distributed among our 7,000 members throughout Westchester County, Greenwich, Connecticut and the Bronx. You can also participate by donating goods or services for our auction. Please see the attached Advertising/Sponsorship Opportunities and the Acquisition Agreement forms for more information.

Feel free to contact our region office at (914) 937-3151 for additional information. We look forward to hearing from you and thank you in advance for your support.

Sincerely,

Karen Everett
